

## **Aspire Adult Workforce Readiness Education Professional Development Policy and Guidelines**

### **Introduction**

The purpose of professional development (PD) is to support Aspire practitioners in developing the skills and knowledge in order to provide high-quality educational services to assist students in acquiring skills to be successful in postsecondary education/training and employment.

The policy and guidelines for professional development are provided below.

### **I. Policy**

- A. Ohio Department of Higher Education (ODHE) Aspire requires local programs to have staff who are qualified to provide the services defined in the instructional grant such as ABE/ESOL/ HSE preparation, technology skills, and knowledge of academic assessments and college and career readiness. Program staff are encouraged to attend trainings and/or access PD resources to build or enhance professional skills.
- B. Programs are required to have a written process in place to notify staff of PD requirements and the consequences for not meeting the requirements.
- C. All staff must complete training required by their position within the specified timeline as outlined on page 4.
- D. Priority for PD trainings and activities will be provided to Aspire-funded programs. There will be no costs for PD provided by the Ohio Aspire Professional Development Network (PDN). Staff from a non-Aspire funded agency who want to attend Aspire-funded PD may be charged training and/or materials expenses.
- E. Trainings will be provided based on job functions. Aspire staff should register for all training through the PD System at [www.ohioaspire.org](http://www.ohioaspire.org). Attendance provides program staff with a portfolio/record of individual PD trainings and activities.
- F. Updated PD histories for all staff must be available for monitoring by ODHE Aspire staff. Program staff members must update and verify their personal PD history quarterly within the Professional Development System.
- G. Aspire program staff may obtain a Waiver from the required training, *Introduction to Learning to Achieve*, if they meet waiver requirements. The "Request for

Waiver” form is available at <http://www.ohiohighered.org/aspire/reference> and includes information on the waiver process and all requirements.

- H. Aspire program staff may obtain PD credit for independent professional development activities. The **Independent Activity Request** form can be completed through the Professional Development System by clicking on the Register link in the PD System and then selecting the request form.

## II. Professional Development Network (PDN)

- A. To read more information about PD visit <http://www.ohiohighered.org/aspire/reference> and scroll to the *Professional Development* section. In addition to required orientations and trainings, the PDN provides and supports other opportunities, such as workshops, study circles, conferences, etc. The activities are listed in the Professional Development System Calendar and Catalog. Upon completion of a PDN-sponsored activity it will be automatically included in your PD history.

## III. Fiscal Guidelines

- A. Aspire Program Support
  - 1. Aspire programs are required to track the funds expended for PD activities separately as a part of their Aspire budget so that PD activities may be monitored by ODHE Aspire staff and/or fiscal audits.
  - 2. PD costs must be accounted for within the total administrative costs approved for the program.
  - 3. Program staff may participate in the following PD activities, which are eligible for entry into their PD history, if approved.

## PD Activities

- ✓ Workshops conducted by the Ohio Aspire PDN
- ✓ Workshops or webinars conducted or approved by ODHE Aspire
- ✓ Training sessions for new topics identified by ODHE Aspire or the Ohio Aspire PDN
- ✓ Face-to-face or online training sessions
- ✓ Study circles or book clubs
- ✓ Webinars that have a training component
- ✓ College courses relevant to Aspire position classification
- ✓ Independent (non-PDN delivered) professional development activities – validated by a Certificate of Participation
- ✓ Aspire program sponsored professional development
- ✓ State conferences – attendance at workshops verified by registration and/or Certificate of Participation
- ✓ National conferences – attendance at workshops verified by registration and/or Certificate of Participation
- ✓ Participation in special projects (e.g. task forces) identified by ODHE Aspire or the PDN

## Program Improvement Consultation Plan (PICP) Guidelines

The Program Improvement Consultation Plan (PICP) provides programs with the opportunity to plan for continuous improvement, taking into consideration both formative and summative factors. The PICP reflects the goals of the ODHE Aspire Program as well as Aspire program goals, data, practitioner standards, and program performance. The PICP process should reflect the Indicators of Program Quality and guide PD selections made by the program and its staff.

To complete the PICP, Aspire programs must review online information and instructions outlining the PICP process, forms, and timeline for implementation. Aspire program administrators are to work with their staff to determine program PD requirements in addition to individual staff development that promote quality instruction leading to student success. The documentation and process for achieving stated program improvement goals should be reviewed with Aspire program staff to ensure that program goals are being met. Your regional program manager and the PDN staff will provide support in the implementation of the PICP process. Information regarding the PICP process is located at <http://www.ohiohighered.org/aspire/reference>.

## OHIO ASPIRE REQUIRED ORIENTATIONS AND TRAININGS

<b>Training/Orientation</b>	<b>Audience</b>	<b>Delivery Mode</b>	<b>Timeframe</b>
<b>New Staff Orientation (NSO)</b>	New Staff	Online	Within 30 days of hire date
