

OHIO ASPIRE ADULT WORKFORCE READINESS EDUCATION

FY 2019 DESK REVIEW SUMMARY

Reporting period - July 1, 2018 - June 30, 2019

The Aspire Adult Workforce Readiness Education Program, under the Chancellor of the Ohio Department of Higher Education, is required to 1) - show progress toward continuous improvement in performance and 2) - evaluate the effectiveness of adult education and literacy activities based on the performance measures described in Title II of the Workforce Innovation and Opportunity Act (WIOA) and negotiated with the U.S. Department of Education Office of Career, Technical, and Adult Education. The Desk Review is the annual Aspire “report card” used to evaluate and communicate local program performance. The table below details participant outcomes for all Aspire adult education providers in Ohio.

DEFINITIONS:

- **OVERALL SCORE/TIER** – determined by averaging the total points assessed for MSG and Other Performance Measures. Top Tier programs have overall percentages ranging from 71-100%, middle tier programs have percentages ranging from 51-70% and bottom tier programs have percentages ranging from 0-50%. **The average overall score for the state was 60.2%.**
- **PARTICIPANT** – an individual in an adult education program who has attended at least 12 hours during the program year. The total number of students constitutes program enrollment.
- **COST/STUDENT** – average cost per participant (total expended/enrollment)
- **MEASURABLE SKILL GAIN (MSG)** – the percentage of participants who completed at least one EFL as documented through a standardized assessment, by entering into postsecondary education or training after exit, or by attained a secondary school diploma or equivalent. The negotiated state target is 63%.
- **EDUCATIONAL FUNCTIONING LEVEL (EFL) COMPLETION** – federally mandated levels of performance in basic reading, writing, numeracy, and functional and workplace skills. There are six levels for Adult Basic Education and six levels for English for Speakers of Other Languages; the data below is displayed as the number of levels that met the minimum performance out of the number of levels served.
- **PERSISTENCE** – average hours of instruction received by participants (total hours of instruction/enrollment)
- **RETENTION** – the percentage of students who either achieved a Measurable Skill Gain (MSG) or who were progressing without an MSG at the end of the program year

Also provided for informational purposes are two rates by program – high school equivalency (HSE) pass rate and entry into postsecondary education or training (PSET). These rates were not used in the scoring of the Desk Review.

- **HSE PASS RATE** – the percentage of participants who passed all parts of the high school equivalency compared to those who took all parts
- **PSET RATE** – the percentage of participants who enrolled in postsecondary education or training after entering an Aspire program with a high school diploma/equivalent or higher, achieving an HSE while in the program and/or were in a transition program
