Key

Courses shaded this color were self-reported by institutions through endorsement surveys, and a course submission should be made for review.

Courses shaded in green are TAG courses and have already been approved.

Courses shaded in red are suggested for submission when incomplete or no data was provided in the survey process.

Gray sections indicate that a comparable course was not found to be offered at an institution.

Courses shaded in yellow are pending approval or awaiting review by faculty review panel.

- All institutions were given the opportunity to report information on course availability via survey.
- All course submissions are reviewed by a faculty review panel of experts by CTAG area

Questions regarding institutional compliance or suggested submissions should be directed to Nikki Wearly, Associate Director of SCTAI at nwearly@highered.ohio.gov or 614-728-2662.

For technical support while making course submissions, or using CEMS, please contact Shane DeGarmo at sdegarmo@highered.ohio.gov or 614-644-6767.

***See note below** - Course listed may also meet the learning outcomes for CTIT015 CompTIA Security +. Some institutions will offer separate courses for each CTAN. Because the CTANs have similar content, programs offering fewer courses may have one course similar to both CTANs. Postsecondary institutions should submit for the CTAN to which their course most closely aligns but not both.
