

The following table outlines how transfer credits will be applied to the Bachelor of Science in Applied Mathematics degree at The University of Akron for students who completed an Associate of Science degree via the Ohio Guaranteed Mathematics (AS to BS) Transfer Pathway. The OGTP designation guarantees the transfer and applicability of credits, but does not guarantee admission to a program. Some bachelor-degree granting programs may be competitive, and students should check with individual institutions for their program admission requirements.

<p>Advising Notes: (*) Indicates that coursework will be evaluated for applicable equivalency upon transfer at the university. If a Transfer Assurance Guide (TAG) course is taken, the approved course equivalency will be awarded. ¹ The University of Akron will accept any Ohio Transfer 36 Natural Sciences coursework. Any two course sequence for majors-level Natural Science (OSC016 & OSC017, OSC008 & OSC009, OSC003 & OSC004) is recommended. ² The University of Akron requires four semesters of foreign language. If not taken as part of the associate degree, it will need to be completed after transfer. Please work with your academic advisor and your receiving institution to determine an appropriate program of study.</p>		

SPECIAL NOTES

Students with plans of pursuing a pre-professional or graduate studies track in the future should work closely with their academic advisor and receiving institution starting in the first year of their program in order to adequately prepare themselves for those types of tracks. Some pre-professional degrees include pre-medicine, pre-veterinary, pre-law, and pre-dentistry.

The following additional coursework will be required to complete the Bachelor of Science in Applied Mathematics degree at The University of Akron after a student has completed their Associate of Science Ohio Guaranteed Mathematics (AS to BS) Transfer Pathway degree. Some bachelor-degree granting programs may be competitive and admission into the program is not guaranteed. Students should check with individual institutions for their program admission requirements.
