

Ohio Guaranteed Transfer Pathways offer students wishing to pursue a career in the field of Social Work two different possible pathway options.

Option 1. The Statewide Guaranteed Social Work Transfer Pathway is designed for students intending to transfer to a public four-year baccalaureate degree program in Social Work immediately upon completion of the associate degree. The completion of this pathway guarantees that students will be able complete their bachelor's degree in Social Work at a public four-year institution of higher education in approximately 60 additional credit hours. Program admission is not guaranteed.

Option 2. Students may alternatively choose to earn an Associate of Applied Science (AAS) in Human or Social Services. These degrees allow graduates to enter the workforce as an entry-level human services professional immediately upon graduation. A pathway is currently in development to allow students who earn an AAS to transfer and apply a portion of their credits earned toward a bachelor's degree in Social Work at a public four-year institution of higher education in Ohio. Institutions may have existing transfer agreements to facilitate this transfer as well, and students should check with their academic advisor.

Advising Notes:

Where it indicates "Any Ohio Transfer 36 approved," students should work closely with their advisors.

(+) indicates that the courses chosen should be from two different areas within that category.

¹ Ohio University requires College Algebra (TMM001). Some institutions may accept Quantitative Reasoning (TMM011): The Ohio State University, University of Akron, University of Toledo, Wright State University, and Youngstown State University. Check with your academic advisor and your receiving institution to determine an appropriate mathematics course.
