**Advising Notes:**

Where it indicates "Any Ohio Transfer 36 approved," students should work closely with their advisors.

(\*) indicates that the course simultaneously satisfies general education and business core requirements.

(+) indicates that the courses chosen should be from two different areas within that category.

<sup>1</sup> A prerequisite such as College Algebra (TMM001) may be needed for a student to reach Calculus I (TMM005) or Business Calculus (TMM013). Students transferring to Miami University must take Calculus 1 (TMM005).

<sup>2</sup> It is recommended that an Arts and Humanities or Social and Behavioral Sciences course is also a diversity course.

| SPECIAL NOTES   |
|---|
| Some bachelor-degree granting business programs may be competitive and admission into the program is not guaranteed. Students should check with individual institutions for their program admission requirements.   |
| Some bachelor-degree granting institutions require additional general education courses outside of the Ohio Transfer 36 and students may be required to take these courses in their junior or senior year. Students will still be able to follow this pathway and complete their bachelor's degree in approximately 60 additional credit hours. |
