

The following table outlines how transfer credits will be applied to the Bachelor of Arts in Geography degree at Miami University for students who completed an Associate of Arts or Associate of Science degree via the Ohio Guaranteed Geography Transfer Pathway. The OGTP designation guarantees the transfer and applicability of credits, but does not guarantee admission to a program. Some bachelor-degree granting programs may be competitive, and students should check with individual institutions for their program admission requirements.

Advising Notes: (*) Indicates that coursework will be evaluated for applicable equivalency upon transfer at the university. If a Transfer Assurance Guide (TAG) course is taken, the approved course equivalency will be awarded. <sup>1</sup> Miami University requires one course in biological sciences and one course in physical sciences. Only one of these must be a lab course.		

The following additional coursework will be required to complete the Bachelor of Arts in Geography degree at Miami University after a student has completed their Associate of Arts or Associate of Science Ohio Guaranteed Geography Transfer Pathway degree. Some bachelor-degree granting programs may be competitive and admission into the program is not guaranteed. Students should check with individual institutions for their program admission requirements.

**Advising Notes:**

<sup>1</sup> Assumes that the student has completed the first two semesters of selected foreign language prior to entering Miami University, or that credit has been earned via an approved Advanced Placement or International Baccalaureate exam through the end of the beginning level (or higher). The College of Arts & Sciences (CAS) requires that students earn credit in a foreign language at or beyond the 202-level.

<sup>2</sup> Students are required to attend an orientation session and will meet with an advisor to review the coursework coming in, as well as what they should register for the following semester. At this time, the divisional requirements for CAS will be addressed so that students are able to be efficient in their course selection.

<sup>3</sup> Miami University requires a total of 124 credit hours for degree completion. The total number of hours to complete the bachelor's degree represents a range of hours that may be needed depending on the individual course selections made during the associate degree program.
