Required math for application:		
4. Math Options and Prerequisites for Your Major		
1st option in your program/ degree for math. (If you need Calculus, you need 125 or 135 first)	MTH124S Statistics (consists of MTH124 and MTH024 co-requisite) *	
<i>This would mean you first need module classes:</i>	MTH091, MTH092 *	
2nd math option. (If any. Contact your advisor for questions. Usually only for transfer.)	MTH125 College Algebra	
<i>This would mean you first need module classes:</i>	MTh091, MTH092, MTH093, MTH094	
3rd math option. (If any. Contact your advisor for questions. Usually only for transfer.)	MTH135 Precalculus	
<i>This would mean you first need module classes:</i>	MTh091, MTH092, MTH093, MTH094	

*MTH093 can still be used as a prerequisite for MTH124 Statistics instead of the co-requisite MTH024. Anyone planning to take MTH125 College Algebra or MTH135 Precalculus should take MTH093.
