

ACT and SAT Exams

Note: Some institutions award credit for English and/or Math courses for high scores on the SAT and/or ACT. This policy is separate from how these exams may be used in Admissions. In cases where scores or credit hours are separated by a slash (/), this is used to indicate that if a student obtains a higher score, then he/she might be able to earn even more credits.

Note: Most institutions allow students to test out of specific courses with "challenge exams." These exams are created by faculty and test the student's knowledge of a specific course offered by that institution. In many cases, the decision as to whether or not a student can test out of a specific course is up to the dean of that department or the faculty member who teaches the course. Please check with institutions directly to see if you can take challenge exams for the courses that you want.

X = test not offered or accepted

Only exam titles still being administered are listed.
All exam titles are based on information listed on the TECEP website.

[For a brief description of a TECEP exam and its costs, please click here.](#)
[For more general information, please visit the TECEP website.](#)

Updated 1 September 2012.

‡MTSU allows students to earn credit for subject areas covered by TECEP exams; however, rather than by taking the exam, students must demonstrate this knowledge through MTSU's portfolio assessment process.

*Exam accepted but details unknown.

American Council on Education - Evaluated Training

American Council on Education (ACE)	ACE-military	ACE-workplace (non-military)	General ACE statement
APSU	✓	✓	APSU grants non-traditional credit for military service and service schools in accordance with the recommendations included in the "Guide to the Evaluation of Educational Experiences in the Armed Services," published by the American Council on Education.
ETSU	✓	✓	East Tennessee State University awards credit for educational programs in the Armed Services of the United States as recommended by the Commission on Educational Credit of the American Council on Education and published in their Guide to the Evaluation of Educational Experiences in the Armed Forces. The credit is awarded for formal military course completion, not for skill level attainment or occupational experience. Only first bachelor degree-seeking veterans are eligible. Military credit does not satisfy baccalaureate proficiency requirements. U.S. Army, Navy, and Marine veterans should submit official ACE Registry transcripts (ARTS/SMARTS) to the ETSU Office of Admissions. U.S. Air Force veterans should present official Community College of the Air Force transcripts. Coast Guard veterans should submit official Coast Guard Institute Education transcripts. The DD 214, Certificate of Release or Discharge from Active Duty, DD 295, Application for the Evaluation of Learning Experiences during Military Service, or other official documentation may also be submitted.
MTSU	✓	Yes, but only through portfolio assessment program.	Credit will be awarded for formal service schools based on recommendation from the Office of Educational Credit of the American Council on Education after consultation with an academic advisor.
TSU	✓	✓	We recommend submitting discharge papers (or a recent pay stub if currently in service), and any of the following, as appropriate: Community College of the Air Force transcript, Army AARTS transcript, course completion certificates, and/or DD-2295, Application for the Evaluation of Learning Experiences During Military Service.
TTU	✓	X	Only accepted as course equivalency
UOM	✓	✓	
UTC	✓	✓	
UTK	✓	X	We use the ACE credit recommendation on the military transcript for the Military course completion only, none of the other military categories are accepted on the military transcript. We do not accept ACE credit, it is used as a guide in this one area.
UTM	✓	X	The ACE Guide is used in awarding credits for military schools. Official transcripts must be sent from the serviceperson's education office (AARTS or SMARTS transcripts are recommended) in order to receive military credit. Up to 30 semester hours of military and/or examination credit may be applied toward degree requirements.
			Chattanooga State may give credit for military science to students with six or more months of honorable active service in the United States Armed Forces or in a service academy. Chattanooga State policy permits granting credit for appropriate educational experience in the armed services in accordance with evaluation in the American Council on Education Guide to the Evaluation of Education Experience in the Armed Services or by the commission on the accreditation of service experiences evaluation service. Chattanooga State may give credit for appropriate educational experience listed in The National Guide to Educational Credit for Training Programs sponsored by the American Council on Education. The program is national in scope, and the Tennessee Higher Education Commission is a participating agency. Each request will be considered on its own merit and must have the approval from the appropriate division.
CHSCC	✓	✓	
CLSCC	✓	X	College credit is awarded for military experience after reviewing the DD214 form using the ACE guide.
COSCC	✓	X	Columbia State will use the recommended courses and hours where applicable.
			Students who plan to receive educational benefits through the Veterans Administration must provide documentation concerning all prior learning, including, but not limited to transcripts from all regionally accredited colleges and universities. These students must also submit the documents for the evaluation of military training, including DD214, AARTS transcript, DD295, Community College of the Air Force Transcript, DD2586, and SMART transcript.
			Credit may also be awarded for other types of prior learning. It is the student's responsibility to inform the Office of Admissions and Records about any prior learning and to see that official documents are submitted to that office. Please note that "official" transcripts and test scores are those sent directly to the Office of Admissions and Records from the issuing institution or agency.
DSCC	✓	✓	
JSCC	✓	X	
			Veteran students who have received an honorable discharge after serving active duty with the armed forces may request credit by submitting a valid DD214 form. Up to four (4) hours of physical education credit may be granted. Students will receive one credit for each six (6) months of active duty. These credits meet the physical education activity requirements for all programs of study. In evaluating armed services credit, Motlow State Community College uses as a reference the Guide to the Evaluation of Education Experience in the Armed Services published by the American Council on Education. Contact the Office of Admissions and Records for additional information.
MSCC	✓	X	
			Nashville State Community College recognizes and awards credit for military service schools in which the student has satisfactorily completed a course and for which NSCC has an equivalent course. Training is evaluated using the American Council on Education's (ACE) Guide to the Evaluation of Educational Experiences in the Armed Services. If necessary, other recognized publications may be consulted in the evaluation of armed service schools. No more than 50% of the credit hours required to obtain an Associate's degree or certificate may be earned through military service schools.
NASCC	✓	✓	The student must provide the Records Office the required documentation for the evaluation of military training.
			Military Service Credit - Northeast State will grant credit for appropriate educational experiences in the armed services. The American Council on Education Guide to the Evaluation of Educational Experiences in the Armed Services will be used to determine credit awarded by Northeast State. Credit for military experience will be granted only if Northeast State offers comparable courses which relate to experience gained through the military education process. Students who are awarded such degree credit remain subject to the college residency requirement that 24 of the last 30 degree credit hours for a degree program or 30 percent of the total degree level credit hours of a certificate program must be completed at Northeast State. Credit for Evaluation of Professional Credentials - Students may be awarded credit for activity recognized by national accreditation groups. Typically, the American Council of Education has evaluated these programs and made recommendations for the award of credit. Students who are awarded such degree credit remain subject to the college residency requirement that 24 of the last 30 degree credit hours for a degree program or 30 percent of the total degree level credit hours of a certificate program must be completed at Northeast State.
NESCC	✓	✓	
PSTCC	✓	✓	Course by course equivalencies
RSCC	✓	✓	We award credit as recommended by ACE for various types of credit
			Credit may be granted for any military service school or for any USAFI/DANTES Subject Standardized Test that has been satisfactorily completed and determined to have a Southwest Tennessee Community College equivalent appropriately related to the student's academic program of study.
STCC	✓	✓	
			The College Registrar should be consulted to determine whether additional credit can be given for courses offered through the American Council on Education (ACE) or other service schools. An evaluation of service credit is not made until a student has applied and been granted admission to the College and a transcript has been provided to the College from their military service branch.
VSCC	✓	X	
			Veterans and other active armed services personnel may receive degree credit on the basis of educational experiences according to the evaluation of the experience by the Walters State office of Veterans Affairs. The DD form 214 or other documentation of such experiences must be submitted to the Walters State office of Veterans Affairs in order to have such credit established. Credit for military experience will be granted only if Walters State Community College offers comparable courses which relate to experience gained through the military education process. Students who are granted credit in this manner are required to satisfy the residence requirement by completing 18 of the last 26 hours of their degree program at Walters State.
WSCC	✓	✓	

X = test not offered or accepted

Note: ACE offers a service that recommends credit for training (for jobs, volunteer positions, military, etc.). ACE has evaluated thousands of training programs (too many to post here). Institutions that accept credit recommendations from ACE often do so on a case-by-case basis and will have their own policies about what is accepted and how. Please contact the institution for more details.
