CONSIDERATION OF APPROVAL OF THE NORTH CENTRAL STATE COLLEGE “CAMPUS COMPLETION PLAN” AS DIRECTED BY THE UNIVERSITY SYSTEM OF OHIO’S BOARD OF REGENTS

R-2014-20

WHEREAS, North Central State College joined the Association of Community College Trustees in an unprecedented and unified action in March 2011 by signing a statement of commitment to increase student completion rates by 50 percent over the next decade; and

WHEREAS, in its November 2012 Report and Recommendations to the Ohio Board of Regents, the Complete College Ohio Task Force recommended that the Ohio Board of Regents require each college, university and adult career technical center in the University System of Ohio to develop an institution-specific Campus Completion Plan that is consistent with the institution’s mission and strategic priorities; and

WHEREAS, for 2014 the University System of Ohio Board of Regents has directed each Ohio institution to develop a systemic improvement plan for institution-wide policy and practice change, that reaches the departmental- and classroom levels for direct impact on student persistence and completion by:

- Identifying policies and practices that are advancing the institution toward improved student completion rates;
- Discerning strategies and methods that are likely to demonstrate impact toward increased student persistence and completion;
- Prioritizing improvement focus areas based on probability for positive impact on current student persistence and completion;
- Engaging employers in completion efforts that align with workforce needs; and

WHEREAS, this institution-specific Campus Completion Plan must receive approval from the institution’s governing authority.

NOW, THEREFORE, BE IT RESOLVED that the North Central State College Board of Trustees approves the North Central State College Campus Completion Plan as a guiding pathway for student success.

Purpose:

The purpose of the North Central State College Campus Completion Plan is to develop a systemic improvement plan for institution-wide policy and practice change, that reaches the departmental- and classroom levels for direct impact on student persistence and completion by:

- Engaging system-wide expertise in all aspects of the Plan’s development, implementation and assessment;
- Identifying policies and practices that are advancing the institution toward improved student completion rates;
- Discerning strategies and methods that are likely to demonstrate impact toward increased student persistence and completion;
- Prioritizing improvement focus areas based on probability for positive impact on current student persistence and completion;
- Engaging employers in completion efforts that align with workforce needs.

This document is to serve as a vehicle for our campus to articulate the outcome of a strategic process for improvement.
A few questions to consider about

CONNECTION TO THE INSTITUTION

- Who are our students?
- What efforts are underway at the college to help students in need of remediation become better prepared for college?
- How do we build relationships with K-12 schools? How do we engage with parents, adult-students and community?
- What policies do we have that incentivize students to graduate from high school college ready? What policies and practices at the federal, state, and institutional levels are barriers to successful transition from the high school to college?
- How does our institution orient students? How does our institution communicate learning expectations to our students? How does admissions, student support, registration, student life aid in this process?
- How does the co-curricular program support the common learning outcomes of the institution?
- Do our current academic and student programs meet our students’ needs and interests? How do we know? How do we help students select a career?

SUCCESSFUL FIRST-YEAR ENTRY

- Why do our students fall behind or leave? How do you know?
- How do we advise and place students for efficient completion?
- What do we know about credit accumulation?
- How do we help undecided students choose a career and educational path?
- How do we help students understand industry needs and high-demand areas?
- How do we engage students within the college community?
- What policies do we have that incentivize students to persist from the first to second semester and from the first to second academic year with at least 12 credit hours? What policies and practices at the federal, state, and institutional levels are barriers to successful transition from the first to second year?
- How do we help students who are underprepared for their course of study?
- How do we address the differences in learning styles? How do we address students with special needs? (handicapped, seniors, commuters)

STUDENT COMPLETION

- Are students achieving credentials within selected program streams?
- How can we increase credit attainment and help more students complete their credentials, more quickly?
- How do we assist students with college to career transition?
- What policies do we have that incentivize students to complete a goal or certificate in a timely manner? What policies and practices at the federal, state, and institutional levels are barriers to successful completion?
- Do our registration and withdrawal policies support completion? How do we know that students who complete our certificates and degrees have met our learning expectations?

A few questions to consider about

OTHER ASPECTS OF COMPLETION SUCCESS

- What does the disaggregated data tell us about completion rates for different populations? How do we reshape our institution to build sustainable models of successful programs? How do we select and cultivate external linkages?

- How do we ensure that student costs are transparent and student financial planning continuous? Are our courses and program streams offered in student-friendly ways? What is our institution doing to create a culture to support success and completion? How do we engage people across employee categories and provide professional development to support change? How does our college manage process improvement?

- What else can we do?
