

# 2015 Ohio Educator Preparation Provider Performance Report Hiram College

---

## **Institution Profile**

(Data Source: Hiram College)

Hiram is a coeducational liberal arts college of 1,200+ undergraduate students located in the historic Western Reserve region of Ohio. Hiram is a nationally respected institution that offers students a distinct learning environment with an emphasis on close student-faculty interactions, international study experiences, and experiential learning environments. Hiram's Weekend College was the first program of its kind in Ohio and enables students to earn their degree in four years by taking classes on alternate weekends. The College also offers a master's degree in Interdisciplinary Studies.

## **Hiram College Education Department**

Hiram College's Education Department offers undergraduate programs leading to licensure in eight areas: Early Childhood, Middle Childhood, Integrated Language Arts, Integrated Social Studies, Integrated Mathematics, Life Sciences, Life Sciences/Chemistry, and Chemistry/Physics. The Education Department blends rigorous academic coursework and training in education theory with extensive field and clinical experiences. This combination of in-class learning and exposure to actual classroom settings prepares Hiram graduates for successful leadership in today's diverse school systems.

**Ohio Teacher Evaluation System (OTES) Results for Ohio Teachers Prepared by an  
Ohio Educator Preparation Provider at Hiram College**

Reporting Period from Sept 1, 2014 to Aug 31, 2015  
(Data Source: Ohio Department of Education)

**Description of Data:**

February 2016 Note: Ohio Teacher Evaluation System results for the 2015 Report are not yet available. Revised Educator Preparation Performance Reports will be published when these data become available.

Ohio's system for evaluating teachers (Ohio's Teacher Evaluation System) provides educators with a detailed view of their performance, with a focus on specific strengths and opportunities for improvement. The system is research-based and designed to be transparent, fair, and adaptable to the specific contexts of Ohio's school districts. Furthermore, it builds on what educators know about the importance of ongoing assessment and feedback as a powerful vehicle to support improved practice. Teacher performance and student academic growth are the two key components of Ohio's evaluation system.

Limitations of the Ohio Teacher Evaluation System (OTES) Data:

1. The information in the report is for those individuals receiving their licenses with effective years of 2011, 2012, 2013, and 2014.
2. The teacher evaluation data in this report are provided by the Ohio Department of Education.
3. Due to Ohio law, results must be masked for institutions with fewer than 10 completers with OTES data.

**Description of Data:**

February 2016 Note: Ohio Principal Evaluation System results for the 2015 Report are not yet available. Revised Educator Preparation Performance Reports will be published when these data become available.

Ohio's system for evaluating principals (Ohio's Principal Evaluation System) provides building leaders with a detail view of their performance, with a focus on specific strengths and opportunities for improvement.

The Ohio Principal Evaluation System (OPES) data reported here are limited in that the information in the report is for those individuals receiving their licenses with effective years of 2011, 2012, 2013, and 2014.

**Field and Clinical Experiences for Candidates at Hiram College**

Reporting Period from Sept 1, 2014 to Aug 31, 2015  
(Data Source: Hiram College)

**Description of Data:**

Ohio requires that educator candidates complete field and clinical experiences in school settings as part of their preparation. These experiences include early and ongoing field-based opportunities and the culminating pre-service clinical experience commonly referred to as "student teaching." The specific requirements beyond the requisite statewide minimums for these placements vary by institution and by program. The information below is calculated based on data reported by Ohio Educator Preparation Providers.

<b>Teacher Preparation Programs</b>	
Field/Clinical Experience Element	Requirements
Require edTPA National Scoring from candidates in teacher preparation programs at the institution	Y
Minimum number of field/clinical hours required of candidates in teacher preparation programs at the institution	146
Maximum number of field/clinical hours required of candidates in teacher preparation programs at the institution	336
Average number of weeks required to teach full-time within the student teaching experience at the institution	12
Percentage of teacher candidates who satisfactorily completed student teaching	100%

**Ohio Educator Licensure Examination Pass Rates at Hiram College**

Reporting Period from Sept 1, 2013 to Aug 31, 2014  
(Data Source: USDOE Title II Report)

**Description of Data:**

Ohio educator licensure requirements include passage of all requisite licensure examinations at the state determined cut score. The reported results reflect Title II data, and therefore represent pass rate data solely for initial licenses.

Further, because the data are gathered from the Title II reports, there is a one year lag in accessing the data. Teacher licensure pass rate data are the only reported metric for which the data do not reflect the reporting year 2014-2015.

**Value-Added Data for Students Taught by Teachers Prepared by Ohio Educator Preparation Providers at Hiram College**

Reporting Period from Sept 1, 2014 to Aug 31, 2015

**Description of Data:**

February 2016 Note: Value-Added results for the 2015 Report are not yet available. Revised Educator Preparation Performance Reports will be published when these data become available.

Ohio's value-added data system provides information on student academic gains. As a vital component of Ohio's accountability system, districts and educators have access to an extensive array of diagnostic data through the Education Value-Added Assessment System (EVAAS). Schools can demonstrate through value-added data that many of their students are achieving significant progress. Student growth measures also provide students and parents with evidence of the impact of their efforts. Educators and schools further use value-added data to inform instructional practices.

Limitations of the Value-Added Data:

1. The information in the report is for those individuals receiving their licenses with effective years of, 2011, 2012, 2013, and 2014.
2. The value-added data in this report are those reported by Ohio's Education Value-Added Assessment System (EVAAS) based on reading and mathematics achievement tests in grades 4-8.
3. For Educator Preparation Providers with fewer than 10 linked teachers or principals with value-added data, only the number (N) is reported.

**Pre-Service Teacher Survey Results**

Reporting Period from Sept 1, 2014 to Aug 31, 2015

**Description of Data:**

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Department of Higher Education administers a survey aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. All Ohio candidates receive an invitation to complete the survey during their professional internship (student teaching). The results of this survey are reflected here. A total of 4,055 respondents completed the survey statewide for a response rate of 70 percent.

**National Accreditation Status**

Reporting Period from Sept 1, 2014 to Aug 31, 2015  
(Data Source: Ohio Department of Higher Education)

**Description of Data:**

All educator preparation programs (EPPs) in Ohio are required to be accredited by either the National Council for Accreditation of Teacher Education (NCATE), the Teacher Education Accreditation Council (TEAC), or their successor agency, the Council for Accreditation of Educator Preparation (CAEP). Accreditation is a mechanism to ensure the quality of an institution and its programs. The accreditation of an institution and/or program helps employers evaluate the professional preparation of job applicants.

## Excellence and Innovation Initiatives

Reporting Period from Sept 1, 2014 to Aug 31, 2015  
(Data Source: Hiram College)

### Description of Data:

This section reflects self-reported information from Ohio Educator Preparation Providers on a maximum of three initiatives geared to increase excellence and support innovation in the preparation of Ohio educators.

### Teacher Preparation Programs

<b>Initiative:</b>	Integrating Technology PreK-12
<b>Purpose:</b>	Enhance teacher candidate ability to integrate technology into instruction and assessment.
<b>Goal:</b>	All candidates will be familiar with and able to implement technologies that exist in PreK-12 classrooms.
<b>Number of Participants:</b>	43
<b>Strategy:</b>	The Education Department has made strides in preparing candidates to integrate technology into instruction and assessment. All faculty in the department use technology in instruction and assessment as a model. Faculty members work diligently to gain expertise in technology integration through ongoing collaboration and professional development. Both the eTech Teacher Planning Grant and the OBR Performance Grant Fund have enabled the department to purchase equipment such as clickers and iPad sets for candidate use in both the college classroom and clinical placements. Continual evaluation of the curriculum and attention to the current use of technology in partner schools has led to the development of a technology course, assignments in methods courses that provide evidence of candidate skills in using technology to improve student learning. Additionally, junior and senior candidates and methods faculty have their own iPads, allowing for stronger integration in course content and use in clinical placements.
<b>Demonstration of Impact:</b>	The Pre-Service Teacher Survey conducted by the Ohio Department of Higher Education asks two questions regarding technology use: Question 21: "My teacher licensure program prepared me to use technology to enhance teaching and student learning". Hiram's institution average score increased from 3.50 in 2013-14 to 3.94 in 2014-15 on this question. Question 45: "Overall, the faculty in my teacher licensure program used technology to facilitate teaching and learning". Hiram's institution average score increased from 3.90 in 2013-14, to 4.00 in 2014-15 on this question. This continued focus on using technology to enhance learning will better prepare Hiram candidates to work in technology-rich environments.
