

Subgroup Meeting Summary

Subgroup #: 5 - Secondary/Postsecondary Content & Instruction Alignment

Meeting Date: 06.26.2015

Meeting Time: 2:30 - 4:00 p.m.

Meeting Location (WebEx, OBR, etc.): WebEx

Subgroup Decisions/Meeting Outcomes:

A discussion of the participant feedback survey from the Student Success Summit highlighted the following trends:

1. Participants wanted more time for breakout sessions and less time in plenary presentations.
2. Participants wanted to draw more connections between CCSS and IHE curricula.
3. Participants wanted more time for interaction with other participants.

In follow-up to the Student Success Summit, it was proposed that two rounds of regional workshops be held in Fall 2015. One round of workshops will focus on developing and scaling up 12th Grade Transitional Courses. A second round of workshops will focus on Secondary to Postsecondary Math Curriculum Alignment.

Members of Subgroup 5 will divide into two planning groups to develop the workshop presentations, materials, and desired outcomes. Ohio Department of Higher Education (ODHE) staff will coordinate the logistics for the regional workshops.

Members requested that the College Credit Plus online information resources and information about the Southern Region Education Board (SREB) 12th Grade Transitional Course model be shared with the group.

Subgroup Homework/Follow-Up (if any):

1. Rebecca Watts, ODHE, to share links to the College Credit Plus information resources and SREB 12th Grade Transitional Course information resources.
2. Rebecca Watts to develop a proposal for sites for the two workshop series.
3. Subgroup 5 members to indicate which of the two planning groups they will work on.
4. Rebecca Watts to distribute a Doodle Poll for the next meeting of Subgroup 5.

Next Meeting: Tuesday, August 25, 2015 - 3:30 p.m. - via WebEx/Phone
