

Subgroup Meeting Summary

Subgroup #: Communication, Outreach, and Engagement/Subgroup 3

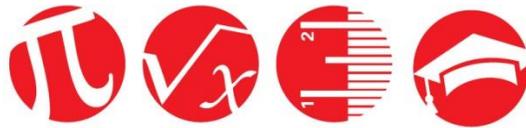

Meeting Date: 11/06/2015

Meeting Time: 9:30-10:30

Meeting Location (WebEx, OBR, etc.): WebEx

Subgroup Decisions/Meeting Outcomes:

1. Michelle Younker will be giving a presentation for New Mexico. They are interested in the work that Ohio has been doing, and are putting together a task force and having a summit.
2. Glen Lobo provided updates on presentations. He gave a presentation to the Ohio Section MAA a few weeks ago. The presentation was 15 minutes in length and 12 people attended.
3. Phil Blau will be attending the Ohio Section MAA in Wooster next October. He would be willing to speak while attending if a presentation is requested.
4. The second issue of the Math Matters newsletter was released on November 5, 2015.
5. There is one Fast Facts article still in draft. There may be a request for a Fast Facts on Quantitative Reasoning if the course receives statewide endorsement. The endorsement survey results will be coming soon.
6. Michelle Younker attended a meeting with staff from the Ohio Department of Higher Education and others that marked the beginning of the 2nd year of the resource grant. There was a discussion on deliverables for the second year. Ohio also received an award recognizing their communication on the Ohio Mathematics Initiative.
7. Updates were provided on the work of each subgroup.
 - a. Subgroup 1 is working on developing pathways. A report will be ready for the Chairs/Leads Network meeting on January 22, 2016. Also, the co-chairs for subgroup 1 will both be on sabbatical next year.
 - b. Subgroup 2 is working on learning outcomes for college algebra, introductory statistics, and qualitative reasoning. Their next meeting is November 13, 2015
 - c. Subgroup 4 has no updates
 - d. Subgroup 5 is partnering with K-12 to explore the utilization of the 12th grade course. Also, regional workshops are being planned in the spring.
8. The Presenters Kit is now available on Google Drive. A few of the subgroup members have been out there to access materials. Glen Lobo will provide his shortened 15 minute presentation for future use.

Ohio Mathematics Initiative
• Re-envisioning Post-secondary Mathematics

Subgroup Meeting Summary

Subgroup Homework/Follow-Up (if any):

1. The subgroup members want to have increased contact with advisors. They will begin looking for advising organizations and opportunities to speak with advising staff about the Ohio Mathematics Initiative.
2. The subgroup members will continue to do outreach at the campus and regional levels. They will also share the Math Matters newsletters and Fast Facts articles with the campus community.

Next Meetings:

The conference call schedule for spring semester is to be determined. Send spring schedules to Michelle Blaney at mblaney@highered.ohio.gov so she can determine a day/time that works best for all the subgroup members.
