

Legislation CHART

NAME: _____

Points Possible: 36 (2 PTS. EACH)

Complete the following chart regarding legislation as it affected(s) health care, by filling in the missing information. Some of it has been completed for you. You just need to complete what is left. Some answers you will find in your text, and some you will need to research.

Name of Law/Act	Year Implemented	Who Administered(s) or Oversees	Summary of the Law/Act
The Biologics Control Act: 1902	1902	Federal Government FDA	
Social Security Act		The Social Security Board	
	1946		authorized the government to give grants to states to build new hospitals
	1965	CMS	This was an amendment to the Social Security Act that brought Medicare and Medicaid into existence

Public Law 92-603:	1972	CMS	
	1974	CMS	<p>Protects records that can be retrieved by personal identifiers such as a name, social security number, or other identifying number or symbol. An individual is entitled to access to his or her records and to request correction of these records if applicable.</p> <p>The Privacy Act prohibits disclosure of these records without written individual consent unless one of the twelve disclosure exceptions enumerated in the Act applies.</p>
	1982	CMS	this Act changed the Medicare program by requiring the gradual implementation of the PPS system as opposed to the retrospective payment system
Emergency Medical Treatment & Labor Act (EMTALA)	1986	CMS	
	1986	CMS	<p>This Act established the National Practitioners Data Bank- the purpose of this is to provide information on physicians who have a history of malpractice suites and other quality problems.</p> <p>Hospitals are required to check the databank during the Credentialing process</p>
Omnibus Budget Reconciliation Act	1989	CMS	
Health Insurance Portability and Accountability Act (HIPAA)	1996		

	The Balanced Budget Act (BBA)	1997	CMS	
	American Recovery and Reinvestment Act		Federal Government	It is an unprecedented effort to jumpstart our economy, create or save millions of jobs, and put a down payment on addressing long-neglected challenges so our country can thrive in the 21st century. The Act is an extraordinary response to a crisis unlike any since the Great Depression, and includes measures to modernize our nation's infrastructure, enhance energy independence, expand educational opportunities, preserve and improve affordable health care for the uninsured, provide tax relief, and protect those in greatest need.

Once you completed the chart you will want to read the following case scenarios and determine which Act/Law applies to that scenario.

Scenario #1

Mr. _____ is a patient in a healthcare facility and has had an adverse reaction to his medication. The nurse tries several times to reach the patient's physician for instructions, with no success. Finally, she reaches the club where the physician is attending a social event. She asks the receptionist to tell the physician that Mr. _____ has had an adverse reaction to his medication, and she urgently needs a call back.

Act/Law: _____

Scenario #2

Mrs. _____ was walking along the side of a residential street and was hit by a car that veered off of the road. The ambulance arrived on the scene and assessed Mrs. _____ injuries. She was taken to the nearest hospital but was turned away for being uninsured. She was sent to St. Rita's down the street and was treated for her injuries there.

Act/Law: _____

Scenario #3

Mr. _____ is an uninsured American citizen. His wife was recently diagnosed with cancer. He is worried as to how he will be able to pay his wife's medical bills. He is hoping to get government help but he makes too much money to qualify for Medicaid.

Act/Law: _____
