

Memorandum

To: Chief Academic Officers and Provosts
From: Dr. Paula Compton, Associate Vice Chancellor, Articulation and Transfer
Date: September 7, 2016
Subject: New Career-Technical Assurance Guide (CTAG): Medical Management and Support

I am pleased to announce a new Career-Technical Assurance Guide (CTAG) that facilitates transfer from Ohio's Public Secondary Career-Technical institutions to Ohio's Public Colleges and Universities in the area of Medical Management and Support. This memo provides an overview of the Medical Management and Support CTAG and also addresses the need for the participation of post-secondary institutions.

Medical Management and Support

The Medical Management and Support CTAG was created through the Secondary Career-Technical Alignment Initiative (SCTAI), a collaborative effort between the Ohio Department of Higher Education (ODHE) and the Ohio Department of Education (ODE), which supports the legislative mandates in ORC 3333.162. Faculty experts from two-year and four-year institutions, across the state, worked on the initiative to ensure similar academic content by examining and providing input into the ODE Technical Content Standards and then aligning those standards with post-secondary learning outcomes. A survey was sent to all of Ohio's Public Colleges and Universities for review, comment, and endorsement. Findings favored the creation of a statewide agreement in Medical Management and Support and the addition of one new Career-Technical Articulation Number (CTAN) for statewide articulation. The attached assurance guide details the criteria that will provide secondary career-technical students the opportunity to earn credit for the approved CTAN below.

The Medical Management and Support CTAG includes the following course (CTAN):

CTMMS001 – Medical Office Procedures

Please see the attached CTAG document for the course description and identified learning outcomes.

CTMMS001 - Medical Office Procedures is a new CTAN. All institutions will need to make a submission, through the Course Equivalency Management System (CEMS), for the aforementioned CTAN if they have comparable courses. Providing a submission no later than September 26, 2016, will allow the course(s) to be reviewed in the next review cycle.

Compliance Expectations: Also attached to this correspondence, is an expected compliance chart, which shows courses identified to match the learning outcomes for the CTAN previously mentioned. For questions pertaining to course equivalency and institutional compliance expectations, please contact Nikki Lewis, Associate Director Secondary Career-Technical Alignment Initiative (SCTAI), nlewis@highered.ohio.gov or 614-728-2662.

Faculty Review Panel Nominations: A faculty panel will be composed to conduct reviews for institutional courses submitted through CEMS. If you are aware of a faculty member who could potentially serve as a faculty review panel member for the Medical Management and Support CTAG course equivalency review process, please follow the link to submit your nomination, <https://www.surveymonkey.com/r/TW8S9BP>.

I would like to thank all of those involved in this process for their dedication and support. The names of the faculty participants are listed on page 3 of the Medical Management and Support CTAG. If you have any questions in reference to content of the Medical Management and Support CTAG, please contact Jamilah Tucker, Director of Career-Technical Transfer Initiatives, jjones@highered.ohio.gov, 614-466-0543 or Monique Menefee-Profitt, Associate Director of Career-Technical Transfer Initiatives, mmenefee-profitt@highered.ohio.gov, 614-387-1022. For technical assistance with submissions, please contact Ryan Cupp, Administrator Career-Technical Transfer Initiatives, rcupp@highered.ohio.gov, 614-752-9474.
